

**Masconomet Music Department
Private Lesson Program**

Masconomet offers private music lessons to all Masco students. Unfortunately, during the Covid-19 pandemic the in-person music lesson program at Masco have been suspended until further notice. However, there is still great value in offering private lessons via a virtual format. I, as well as a number of other private lesson teachers, have been teaching lesson virtually over Zoom, or other virtual platforms, during the past few months. While virtual lessons are not as optimal as in-person lessons, there are still tremendous benefit to private instruction.

Benefits of Private Music Lessons:

- Students who study privately perform with more confidence and achieve greater success than those who do not study privately.
- Students who study privately establish a close mentor/student relationship with an adult master teacher.
- Students who study privately perform better on auditions such as school seating auditions and district festivals.
- Students who study privately generally continue to participate in musical activities after graduation.

Below are listed the private lesson teachers as well as their contact information. Anyone interested in taking private lessons should contact the teachers directly. The \$50.00 registration will be waived for this year, even if we do return to an “in-school” environment. All the teachers listed below have earned at least a Bachelor’s Degree and many have advanced degrees with extensive performing and teaching experience.
